Ordering Information:

1. Beef, lamb, and pork prices are based on “hanging weight”, after slaughter but prior to processing. Our target weights (+/- depending on the animal) are: Beef = 500-600#, Lamb = 50#, Pork = 160#. Those hanging weights would result in an approximate take home weight (+/- depending on the cuts you choose) of: Beef = 300-350#, Lamb = 25#, Pork = 130#.
2. Turkey prices are based on carcass weight after processing, with a target of 10#-15#.
3. We require a non-refundable deposit to reserve your order, which will be applied towards your cost after processing... we can't put our animals back on the shelf!
4. Turkeys will be processed on farm, so processor fees do not apply. Pickup will be at our farm prior to Thanksgiving.
5. Our farm and the processor are paid separately. You buy a live animal from our farm for one cost, then we deliver your animal to the processor and you pay them to butcher, cut, package, etc. The processor's fees are due when you pick up the meat from them.
6. Once you fill out and send this order form and deposit to us, we'll send you a “cut sheet” from the processor, which is where you will denote how you want your meat prepared.
7. Approximate total costs (including processing) for various orders are below, based on our target hanging weights. Actual cost will vary with the hanging weight and cuts chosen:

	Whole	Half	Quarter	Notes
Beef (600#)	\$3474	\$1737	\$868.50	Avg \$9.93 per pound
Lamb (50#)	\$340	\$170	-	Avg \$13.60 per pound
